

# WTS Energy Announces Acquisition of Leading Technical Services Company: The Sniffers

## *Broadening our range of services on a global scale*

[WTS Energy](#) is pleased to announce that we have acquired The Sniffers NV, a service provider to the energy industry.

[WTS Energy](#) is pleased to announce that we have acquired [The Sniffers NV](#), a service provider to the Oil & Gas industry with emission monitoring, energy saving and pipeline network integrity services, located in Balen, Belgium.

[The Sniffers](#), founded in 1991, offers emission reduction services like LDAR, Smart LDAR and tank emission measurement, energy saving projects for steam- and flare-losses, and underground pipeline & cable network integrity services. Through 750 projects every year, The 90 Sniffers specialists bring high end quality services to a promising variety of top companies and realizes an annual sales of approximately 8M Euro.

“We view [The Sniffers](#) as a truly great company and a pioneer and leader in their field. Environmental Services, Lead Detection, Energy savings and Pipeline integrity measurement are hugely important for the global energy industry. The market for these services in both the Developed world and in Emerging countries is growing fast. At WTS Energy we are very happy to introduce the Sniffers’ services to our says Frederik Rengers, CEO at WTS Energy. Through [The Sniffers](#), we will be able to deliver more added value services to our clients. With access to top engineers and Technical people around the world, we will be able to support The Sniffers’ further global expansion plans.

“[WTS Energy](#) provides [The Sniffers](#) that global infrastructure, access to technical resources and customer intimacy to help The Sniffers to the next level of growth. Our management and the whole Sniffers team are happy to be joining forces with the WTS Energy teams over the world and we look forward to offer our services to

new customers and help them by Sniffing for a Safer and Greener environment" says Bart Wauterickx, CEO of The Sniffers.

With a wider range of services and expertise, this endeavour encourages more exciting opportunities for our consultants worldwide. Our previous business services will continue in the fields of: global recruitment, payrolling, workforce management and technical assistance. This acquisition puts us one step closer to becoming the complete energy services supplier, and will continue to allow our consultants to grow and learn together with us.

[WTS Energy](#), started in 2000, is the leading high level Manpower Supply, Recruitment and Work Force Management company to the Global Oil, Gas and New Energy industry. WTS Energy is head quartered in the Netherlands and has 20 offices around the world, in US, Europe, Middle East and Africa. WTS Energy is operational in over 50 countries and has worked for 100's of Clients around the World. .

Yours faithfully,

Frederik Rengers  
CEO - WTS Energy
